Professional Summary

Full-Stack Developer with 2+ years of experience building responsive and dynamic web applications using **React**, **Node.js**, **MongoDB**, and related technologies. Strong background in both frontend and backend development, real-time features with **Socket.IO**, and secure authentication with **JWT** and **Google OAuth**. Passionate about learning, problem-solving, and creating seamless user experiences. Looking for a frontend or full-stack developer role in a collaborative team.

Skills

Frontend:

- React (Vite & React Router),
- Next.js
- TypeScript, Javascript
- HTML5, CSS3 / SASS
- Tailwind CSS, Bootstrap

Backend:

- Node.js, Express
 - MongoDB, Prisma
 - RESTful APIs, Postman
 - WebSockets, Socket.IO
 - Authentication(JWT, bcrypt, Google OAuth)
-

Experience

Frontend Developer – LineDevLTD 2024

Developed responsive user interfaces for MERN stack projects using React and Tailwind. Collaborated with backend developers and contributed to API design and database schema.

Teaching Assistant – Digital Institute 2023

Mentored over 20 students in web development fundamentals (HTML, CSS, JavaScript). Helped students debug and improve their projects.
